**Club Notes.**  
At the anniversary celebration of the  
Athenaeum, Park City, on Monday last,  
Mrs. Cresson S. Kinney, president of the  
Utah Federation, gave a most interest-  
ing talk on the work of the Federation,  
and Mrs. Charles D. Moore of the Re-  
viewers gave a brief talk on "Club  
Ideals."

Tomorrow afternoon the regular meet-  
ing of the Home Protective league will  
be held at the Southwest Presbyterian  
mission, Mead and Second West streets,  
at 3 o'clock. Take the Second West car.

Miss Esther Allen entertained the  
members of the College club at her home  
on Thursday evening.

At a meeting of the house decoration  
section on Wednesday morning Mrs.  
Isaac Jennings read a very entertain-  
ing and instructive paper on "Spanish  
and Mexican Architecture in America."

On Tuesday afternoon the Cleoan will  
meet with Mrs. Charles Wells, 412  
Second street. The club is preparing to  
study Ruskin's "Mornings in Florence,"  
and at this meeting will have talks on  
the history of the city and look at pic-  
tures of the city and reproductions by  
some of the famous painters of Florence.

The Reviewers meet Monday with  
Mrs. E. B. Jones. The programme  
will be "Oriental Rugs," continued by  
Mrs. Jones, and "Profit Sharing Plans  
of Corporations," by Miss Della R.  
Snow.

Mrs. W. M. Dallans entertained the  
Colored Woman's Progressive club on  
Thursday afternoon at her home. The  
paper of the afternoon, read by Mrs.  
Charles McSwine, was on "Punctuality,"  
and was followed by an informal discus-  
sion by the members. Refreshments  
were served, after which the club ad-  
journed to meet next Thursday after-  
noon at the home of Mrs. Young.

After the grip, or other serious illness,  
Hood's Sarsaparilla is the medicine to  
take to restore the appetite and strength.

**Record It.**  
When the Century Owl has laid its  
eggs and their young shall have died  
of old age, it will still be on our records,  
if he don't pay. Merchants' Protective  
Association, scientific collectors of bad  
debits. Top floor Commercial block.  
Francis G. Luke, General Manager.  
"Some people don't like us."

We have moved to No. 12 West Third  
South.  
Our programme was Mrs. Wells.  
On account of cheap rent we will  
be able to give our patrons the benefit  
of same, and will sell good goods  
cheaper than ever.  
TOM & JERRY CLOTHING HOUSE,  
I. N. Lewis, Prop.

## FORTY MILLIONS FOR ISLAND RAILROADS

Philippine Government to Ask Congress for Authority to  
Guarantee 4 Per Cent on a Bond Issue of \$40,000,-  
000--When Lines Will Be Built.

WASHINGTON, Feb. 27.—Legislation authorizing the Philippine Government to execute a guarantee of 4 per cent per annum on \$40,000,000 of bonds for railroad construction in those islands is to be introduced in the House next week by Chairman Cooper of the House Committee on Insular Affairs. This legislation will have the support of the administration through Secretary Taft, whose conviction that railroads are the next most essential step in the development of the Philippine islands has been made known to the committee on Insular Possessions. Secretary Taft, Chairman Cooper and Col. C. A. Edwards, chief of the insular bureau of

the War department, were in consultation today at the War department and later at the capitol.

While the text of the proposed legislation has not been prepared its verities will be most simple and contain the authorization to the Philippine Government to issue the guarantee on the capital to be invested in railroad building. A restriction will be placed in the legislation limiting the guarantee to American or Filipino capital.

The first roads to be built will be in the island of Luzon. Some sections of this island, according to the belief of Secretary Taft, will yield 4 per cent from the beginning.

Other sections, where railroads would lead to greater industrial development, will not earn this amount on the investment.

At the most, however, it is estimated that the Government guarantee will only be needed for a limited number of years. The strictest kind of safeguards are to be embodied in the legislation looking to an absolute accounting to Government representatives.

The plan as at first outlined provided for a 3 per cent guarantee on a total investment of \$60,000,000. Upon further consideration of the matter it was deemed advisable to reduce the total amount to \$40,000,000 and raise the guarantee to 4 per cent. Should the total amount of the guarantee be called for it would be a total yearly expenditure of \$1,600,000.

It is predicted that telegraph lines will follow the railroad, newspapers will be established along its lines and the educational, social and industrial development of the islands will be accomplished faster and more surely than in any other manner.

### ENFORCING THE ORDINANCE AGAINST FAST DRIVING

J. Pitt and R. S. McConnell were before Judge Ditch's bar yesterday on the charge of violating the ordinance which prohibits driving over crosswalks in the business district at a speed exceeding four miles an hour. In consideration of the fact that these were the first complaints to be made under that ordinance the defendants were dismissed with the statement that future offenses of the same kind, when proven in court, would be followed by the imposition of the extreme penalty upon the offenders, the present administration having determined to rigidly enforce the ordinance in question.

## BUT ONE SPIGOT HOLE IN EACH BEER BARREL

The decision of the Internal Revenue department at Washington in respect to the number of spigot holes in beer kegs has created more or less of a disturbance in brewers' circles throughout the whole country. The brewers in and about Salt Lake have complained about the decision, and have been anxious to learn in what manner they could comply with the provisions of the decision without destroying the beer packages they have been using which are not in legal condition.

The department requires under this decision that not more than one spigot hole be made in any beer keg. It is necessary that this spigot hole be placed somewhere near the middle of the package, in order that it may be covered with the revenue stamp. When this is done it is said to be impossible to tap all the beer in the package without more or less inconvenience, and the practice has been followed of making a second spigot hole near the rim of the keg.

In response to an inquiry as to how best to put the packages containing two spigot holes into legal condition, the following opinion has been rendered by John W. Yerkes, Commissioner of Internal Revenue:

"The most satisfactory way of curing the defect complained of would be by

the substitution of a new piece in the head of the package for the one containing the extra spigot hole. This office, however, will not object to such an arrangement as you describe, provided the plug is securely fixed in the wood in such manner as to virtually form one piece of the same. The circumference of the inner edge of the opening in which the plug is placed should be somewhat smaller than the circumference of the outer edge, and the plug tapering to correspond, so that the plug cannot readily be driven into the interior of the cask, and, as suggested by you, the outer surface of the plug should be planed off even with the head of the package.

"Attention has been called to the fact that in some cases the unauthorized spigot hole is cased with a metal rim or bushing firmly imbedded in the head, which it is difficult to separate from the wood without splitting.

"You are informed in this connection that the language above quoted, requiring the plug to form, in effect, one piece with the head, will not be construed to compel the removal of the metal rim or bushing surrounding the extra spigot hole, if the metal is shaped like the frustrum of a cone, thus requiring a plug in the shape of a circular wedge, which cannot be driven into the interior of the cask. The plug so utilized will be planed even with the surface of the outer edge of the bushing in which it is inserted."

## WOMEN IN SOCIETY

### ...DISCUSS THE... MERITS OF PE-RU-NA

A Popular Indiana Girl Writes An  
Interesting Letter.

The Peru-na Drug Mfg. Co., Columbus, O.:  
"Peruna is indeed a household blessing. Last fall I caught a severe cold which developed into a most unpleasant catarrh of the respiratory organs and for over two weeks I could neither enjoy my food nor enjoy restful sleep. I became nervous and irritable and nothing looked just right to me. A good neighbor advised me to try Peru-na and I immediately sent for a bottle. I am very glad, indeed, that I did. I began to feel relief in a week and soon felt better than I had in two years."—Margaret Hueston, 1127 Linden st., Indianapolis, Ind.

Pe-ru-na  
Fortifies  
the System  
Against  
Catching  
Cold.

MISS MARGRET HUESTON.

### Pe-ru-na Makes Clean, Healthy Mu- cous Membranes—Catarrhal Dis- eases Disappear Permanently.

THE mucous membrane is to the inside of the body what the skin is to the outside of the body. It lines every organ, duct and cavity. Catarrhal inflammation attacking one part is liable to spread to other parts. A neglected cold or slight catarrh is often the cause of lingering and dangerous catarrh.

Women are naturally more susceptible to inclemencies of the weather than men. With them a cold is often the starting point of some severe pelvic derangement, causing much pain and suffering.

Every woman needs a remedy upon which she can rely to keep her system fortified against the severe and trying winter weather. If Peru-na is taken at the first symptom of a cold it will cure it before it develops into some annoying catarrhal derangement.

Even after catarrh has been acquired Peru-na cures it permanently and promptly.

### Decollete Gowns and Catarrh.

Miss Blanche Myers, 3129 Penn street, Kansas City, Mo., writes:  
"During each of the past four seasons I have caught a severe cold, when suddenly chilled after an evening party, and catarrh for several weeks would be the result. One bottle of Peru-na cured me and I shall not dread colds any more as I did."—Blanche Myers.

Miss G. Nolan, 202 E street, N. E., Washington, D. C., writes: "I have been a great sufferer from catarrh for a number of years. Peru-na was highly recommended to me by a friend who had found relief from a similar trouble by its use. I purchased a bottle of Peru-na, and in a short time was greatly relieved. I continued its use and am now entirely well. I consider Peru-na one of the greatest discoveries of the age."—Miss Nolan.

### At the Height of the Social Season

Pe-ru-na is a Blessing to  
Women.

Edith M. Barnes, 607 Second st., N. E., Washington, D. C., writes: "I am pleased to state that Peru-na did me more good than a vacation."

"Too many parties, theaters and late suppers had so undermined my health that the doctor advised a complete change and rest for a year, but I did not find this at all necessary after using Peru-na for five weeks. It acted like magic, increased my appetite, aided my digestion and induced restful sleep, all that I needed to restore me to perfect health."

"I think it a most excellent remedy and a fine tonic for all worn-out women."—Edith M. Barnes.

If you do not derive prompt and satisfactory results from the use of Peru-na, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

## DR. C. W. HIGGINS

THIRTY YEARS IN SALT LAKE CITY.

THE OLDEST RELIABLE SPECIALIST  
IN THE CITY.

Salt Lake Microscopic Medical Institute

DR. C. W. HIGGINS, M. D., Mgr. and Prop.

ST. ELMO HOTEL, Cor. Main & Third South Sts. Thirty Years in Salt Lake

After 45 years' study of Nature and her laws along special lines my superior advantages and ability go without saying, and I unhesitatingly declare, and my unparalleled record as a successful specialist in private diseases of men backs up my claim, that more men have been cured by me of VARICOCELE, HYDROCELE, NERVO-SEXUAL DEBILITY, BLOOD POISON and REFLEX DISORDERS, within the last 35 years, than by any twenty specialists in the United States combined. This fact is self-evident and indisputable, and, with my rates more reasonable, and treatment more successful, you do wrong to experiment with concerns whose methods are being frequently changed, and whose doctors are the scrappings together of transient and defunct concerns.

Courtesy demands that we mention no names in a newspaper, but if you come to my office I can furnish some valuable information with the proofs so conclusive that you will not regard them as selfish arguments.

### NERVO-SEXUAL DEBILITY CURED.

Nervo-sexual debility is a term which I use to designate a decline of power in the general system and also a loss of certain special functions and powers. No matter what the cause, it is always necessary, in such cases, to correct defects so as to supply the true elements of lost force.

This is the keynote of success in the treatment of Nervo-Sexual Debility, Seminal Weakness, Premature Decline, Lost Power and other weaknesses, all included under the sweeping term, "Nervo-Sexual Debility."

The cure of these infirmities implies the restoration of tone in every organ of the body and the renewal of the Nerve impulse or force which governs and controls all organs. I solved this problem a few years ago by study along the line of chemistry of the human body, and my discovery was that of means by which I can revitalize the powers of the organism so as to cure Nervo-Sexual Debility in any of its forms or stages of development. In brief, I enable the process of nature to remove waste tissue and supply new; with the elements which are added to the system so new forces that establish and maintain the natural powers of the body. Thus I cure Nervo-Sexual Debility to stay cured.

### VARICOCELE AND ITS REMEDY.

Scrotal Varicocele has been described as a creeping disease. It silently steals upon its victim like a thief at night, and before he is really aware of its presence great and damaging inroads are made upon his constitution. The veins surrounding the spermatic cord become enlarged and engorged with impure blood and diseased tissue. At times this condition may be accompanied with a dull, heavy, dragging pain in the small of the back, extending down into the parts, low spirits, weakness of body and brain, nervous debility, partial or complete loss of the sexual power and not infrequently decline of the general health. All these disagreeable symptoms soon disappear completely and forever under my Varicocele cure, which is safe, painless and bloodless. Every clot of stagnant blood and every fiber of diseased tissue are driven from the affected parts, normal circulation is re-established throughout the pelvic region, the weakened organs become strong again and sturdy manhood is restored.

### REFLEX AND ASSOCIATE DISEASES

Are those which are present and act to aggravate and favor the process of the main malady. I never dismiss a case until cured in every particular. If the case is complicated with Hydrocele (dropsy of the scrotum), Hemorrhoids, Fissure, Fistula, or any form of disease I cure such additional complaint also, so that the cure may be perfect and permanent.

Reflex effects of all pelvic complaints are destructive to the tone of the Sympathetic Nerves. The debilitating effects on the general health and strength are demonstrated by such manhood sapping agents as Varicocele, Stricture, Blood Poison and Discharge-producing Virus. I cure both causes and effects and restore men so victimized by their own folly or by inheritance of Blood Taint.

HERPICIDE WILL SAVE IT - HERPICIDE WILL SAVE IT TOO LATE FOR HERPICIDE

## NEBRO'S HERPICIDE

An Exquisite Hair Dressing.

THE ORIGINAL REMEDY THAT "KILLS" THE DANDRUFF GERM.

SOME MEN DON'T CARE. Some men are so indifferent that they pay no attention whatever to dandruff and itching scalp. But, later, when incurable baldness comes they will waste time and money in a vain endeavor to overcome the result of their own neglect.

THERE WAS A TIME. There was a time when it was considered quite proper to ridicule and make light of the germ theory. But, now, when the germ theory is the basis of modern medicine, and when municipal governments are sending for scientific men to suppress germ contagion. Prof. Unna (ask your doctor about him) was the first to discover the dandruff microbe, and now dermatologists the world over know that true dandruff is a contagious disease caused by a germ.

THE GUINOA-PIG PROVIDED IT. Drs. Lassar and Bishop, both noted scientists, took dandruff scales from the head of a student who was losing his hair, and having made a pomade of them with vaseline, rubbed the same upon a guinea-pig and the pig became bald. (See George Thomas Jackson, M. D., on Diseases of Skin, 4th edition.)

Newbro's Herpicide should be used at the first suggestion of dandruff or itching scalp. It prevents scalp infection, cures the public hair brush of its power to do harm, and never fails to cure dandruff and stop falling hair.

THE LADIES KNOW. The ladies are quick to discover any diseased condition of the hair, for with them the natural impulse of preservation applies particularly to Nature's Charming Adornment. When the hair becomes dull, brittle or lusterless it shows that the dandruff microbe has planted itself in the scalp and is sapping the hair's vitality. In time it will cause dandruff, itching scalp and falling hair.

This condition calls for the immediate use of Newbro's Herpicide. The wonderful effect of the very first application shows that it will "destroy the cause," after which the hair will grow as nature intended.

DISEASED HAIR EFFECTS FACIAL EXPRESSION. The face is a mirror of the mind, and many women lose their youthful appearance by brooding over some physical misfortune that might be remedied. Lasting beauty comes from the consciousness that both hair and skin are perfectly healthy, and nature gave them, and this form of beauty shows through even the most irregular features. A woman may be perfect in form and her complexion may rival the color of the rose, but if it is her misfortune to have scant or lifeless hair, that misfortune will continually wound her pride and be reflected in her face. To such women Herpicide is a positive delight. It gives confidence by quickly producing the "correct" effect. Makes the hair light, fluffy and gives it an indescribable charm. A single trial will convince. Contains no oil or grease, and will not stain or dye.

STOPS ITCHING OF THE SCALP INSTANTLY.

Cured Dandruff and Falling Hair.

"We are pleased to state that Newbro's Herpicide does all that you claim for it. It cured my husband of dandruff, which was of long standing, and myself of falling hair. (Signed.) "MRS. F. S. FOX," Park City, Utah.

A Good Report.

"I find your Herpicide better and more pleasant than any remedy on the market. It stops the falling out of the hair and gives the hair a soft, light feeling. My dandruff is almost cured. (Signed.) "BEN DAVIS," Salt Lake City, Utah.
